

RJK Angus Female Sale 2010

June 24 at 1:00 PM at Nilsson Bros., Clyde, AB

Welcome to My First Sale

I am offering females ready to go to grass. If you are a pedigree expert or just want good cattle, you will find it at this sale. We are high tech here as far as breeding (5 Years Sync. A.I.). Our breeding so far has been for better females. They have to produce lbs of carcass with ribeye and marbling and on our late grass. We leave the calves on the cows as long as possible, this has been late December the last couple years.

I have decided to only breed red, so we offer all our blacks & black red carriers in this sale. Our top Black, MARJ 785T from Farmfair bringing home 1018 lbs of twins in 198 days & both red. Note that she also calves 11 days earlier this year. There will be a Nitro herd bull prospect? - 78 lbs BW, growth, finish unlike you have seen and a Black Red Carrier.

Everyone knows Rob, he never leaves any place without the top animals. The 11 heifers he picked are all special here for some reason (pedigree experts challenge) or just ask. All these heifers have also cycled twice, so we exposed them to HIPS 60U (Farmfair Senior Reserve Last Year) for first offering.

This was too much for me this year even with a great calving season, so we will sell down to shorten our calving to 42 days & match our herd size. Thus all the large cows are selling and older ones. Note the variety of sires offered. Have you seen Dunlouse Red Native F207 calf, well we have 2 of them and Lot 20A is a son that is very eye appealing and calm, thick outcross calf out of a good solid dam. at 57 lbs BW he will make an excellent heifer bull. We also have a Dunlouse Native Heifer Cal, Lot 12A and she is a looker as well.

We do not show, so this offering is the only way to see what I have taken home from the Angus courses and the new DNA choices to put to work on the farm. You could also just come for a visit, but hopefully you can join us at the sale.

Thanks Rick Kuefler

RED GOLD-BAR SCF NITRO K 112N

Senior Herdsire at RJK Angus and he has done a great job for us. He sires fancy, feminine females and bulls with power and they are all built very correct. Co-Owned with Majestic Livestock

RED CINDER CONQUEST 714S

Purchased from Cinder Angus in 2007. He is a 5L Norseman King son out of a Red Larson Red Lighting dam from SSS Red Angus. He is a definite CE Giant with a BW of -1.4

RED CRESCENT CREEK RAMBLER 70P

Purchased from KBJ Round Farms as a 4 year old privately. We admired what he did at KBJ and we decided to purchase another Calving Ease Giant (BW:-2.1)
