

# Welcome to the 6th Annual Johnson Livestock Spring Bull & Female Sale

It's true excitement in the cattle business and also to be involved with the Johnson Family on conducting their 6th Annual Sale. The JL cow herd has quickly become a dominant force in the angus industry, and last years sale showed their ever growing popularity to a standing room crowd only. JL has become a "brand name" in the business, being in both top 5 for registrations and transfers in Canada! Simply put, this unique cowherd has been selected to raise bulls!

After recently going through the JL bull pen, one can only admire the depth of quality offered on Mar 15. Sires such as Carbon Copy, Four Seasons, Bismark, Network, Final Answer, and Upward make up the majority of this powerful pen. Whether you're interested in 1 or 10 bulls, the uniformity, thickness and disposition of these bulls is second to none. With even more bulls on offer again this year, it will truly be a one stop, one iron bull not to be missed.

On the female side, the depth and consistency continues to grow. Many JL brand females have been dispersed across North America through this very sale with much success. For example this past fall at the historic Remington Dispersal the high selling female was a JL bred cow, as well as the lead off cow at LLB's fall sale. These are just examples of how these ladies work!

The famous donor dam evening tinge continues to write her never ending success story, her latest was this past fall at the masterpiece sale, where she totaled \$18,000 on 15 embryos! This heifer pen is deep and will grab your attention. To conclude, the Johnson family make their sole livelihood from the agriculture sector. Their customer service has set a bar so high that most can't reach and their commitment to the Angus breed is simply progressive. So as a seedstock promoter, all I can do is strongly advise the JL product on Mar 15, 2012 in Peebles, SK.

*Any questions please don't hesitate to call!*

A direct daughter of Evening Tinge 57R. Although she was one of our younger spring heifers she turned heads all summer on pasture. She is as wide and deep as they come with great bone to her. A maternal sister was our high seller last year to the Vos family. In our 2010 sale another maternal sister was our high seller to Gilchrist and Charlie MacKenzie. 8001's history has been well documented. This cow family will get it done. Full brothers sell as Lot 288 and 315. Maternal brothers sell as 439, 441 and 465.

Another Evening Tinge 57R daughter, this time by the Legendary EXT. This heifer may be younger but everything else is right about her. Her sister 8001s first daughter by Saugahatchee(an EXT son) originally sold for \$20,000, and then was resold at NWSS where she won Winter Heifer Calf Champion. At Agribition last fall 15 embryos, from Lot 460s dam 57R, sold for \$18,500. Full brothers sell as Lot 441 and 465.

## LOTS A TO D - SELLING 3 EMBRYOS, GUARANTEEING 1 PREGNANCY

### LOT A - 3 EMBRYOS

#### HF EVENING TINGE 57R X SAV POTENTIAL 0205

Potential is one of the most exciting young sires in the Angus breed today. When you look at carcass, performance, and pedigree, Potential has it all. He has large testicles, long bodied and that extra muscle we all appreciate on a top Angus sire. To date semen on this new sire has largely been limited to his owners so these may be a few of the only progeny available this spring.

#### PEAK DOT MOUNTAIN TOP 940X

Mountain Top was the high selling Iron Mountain son on Peak Dots 2011 spring sale. He is a deep, heavy muscled young bull with the numbers to back him.

### LOT D - 3 EMBRYOS

#### HF EVENING TINGE 57R X SAV ELIMINATOR 9105

Eliminator is a outcross bull that we have been using heavily here at JL. His first calves are light at birth and are currently growing like crazy. We expect this bull to sire deep sided, powerfully thick, quiet cattle that will stand out wherever they go.
