# Jones Land & Cattle

Hi Everyone, and welcome to the 12th annual On Target sale. This year's bulls offer a range of qualities from power and performance to calving ease. Reference sires include MJLC Main Event 4U, GEIS Baloo 13'08, and Minburn Fortune 87R. As you read through the footnotes and pedigrees, you will also see the influence of the Main Event 87R and CAR Ideal daughters in the herd whose natural maternal strengths compliment these sires to produce powerful and productive yet still easy-doing cattle. These cows are herd favorites for their consistency and proven track records. If you have any questions, please give a shout and we'll be happy to answer.

Thank you to our fellow-consignors who we are happy to work with again to bring you this year's sale. Thank you also to our friends, family and our customers for the support you show us, we couldn't do it without you. Hope you can join us sale day!

This proven son of Kodiak 5R was the high Selling bull at the 2010 Masterpiece sale, selling for \$27,000 for ½ Interest to KBJ Round Farms, Clyde, AB. He has a striking herdsire look along with exceptional structural soundness. Baloo is as sound as any from the ground up. His functional, excellent uddered dam is a Queen, the same popular and prolific group responsible for the KBJ Rogue II 203H herdsire at KBJ. Coupled with the popular Kodiak influence, we find a herdsire before us. Kodiak has rewritten Angus History - Geis Baloo will continue to do so.

MJLC 4U is a home raised bull we own with Bill Letts. 4Us sire Minburn Fortune 87R (aka Main Event) left his mark on our herd, siring performance cattle but more importantly his daughters are becoming top-end producing young cows. 4U is siring moderate birthweight cattle with growth and style that are exceptionally easy-doing. 4U himself is an extremely deep, thick, wide-topped bull with perfect feet and a great disposition. We calved his first set of daughters this year, and they have nice tidy udders and depth of body. As you go through our offering you will notice many bulls out of Main Event 87R daughters, a testament to the type of quality he sired.

## WELCOME TO OUR 12TH ANNUAL BULL SALE

2012 brings another year of changes, Jesse is graduating high school. Jesse had quite the year; his cow won High Point Female in the Summer Show Series. He made the Provincial Judging Team and then went to Agribition where their team won it. At Farmfair, Jesse earned a Scholarship for his education, as you can see we are quite proud of him.

We are once again Proud to be working with the On Target Consignors as we all believe this sale is one to attend for all as you can choose from a number of seedstock options.

Cattle prices are in an up swing and optimism is higher in the cattle industry. We are excited to bring you this year's bull pen, with new sires that will benefit the cattle industry.

The bulls have come along nicely on pellets and a hay and silage ration, the plan is so they will continue to grow and last.

We again are selling the choice of our Red & Black Heifers and there are 53 to choose from. Please call Dwajo if you are interested.

Thank you for all of your support throughout the years and please do join us March 13 for refreshments with new and old friends.

*Dwayne, Joanne & Jesse Emery*
