Here is an all black pedigreed calf that has stood out since day 1. 1158 is what we think is a very complete calf combining big top, deep sided and very attractive to look at. His dam is a very sound second calver with her first calf retained in our herd. His sire Tabasco is a bull Porters raised and has had great success with. We followed the bull and realized that he was consistent in producing large rib eyes, so we decided to AI and have been extremely happy with the results.

The first King of the Yukon to sell in Canada. Yukon was our high selling bull in 2010 going to Springer Simmentals in Cresco, Iowa. The Springer family has since syndicated the bull with great success and the progeny were very well received at the Denver National Western 2012. We are very excited about 1075 as he has been noticed by many visitors this fall. His dam 9025, a two year old and a very broody individual, was a favourite of Dallas' and mine. Again we see the strength of these Edge daughters every year. They bring our top bulls to the sale.

Lot 11 and his dam...
Supreme Champion at Lloydminster 2011

Here is the result of a female we partnered up with Bar SK to purchase out of Agribition from Colt's Cattle Co., Daysland. They retained show rights and campaigned her and 1004Y to Supreme Champion at the Lloydminster Stockade and 2nd in class at Agribition. An extremely popular female, 1004Y certainly caught a lot of attention alongside his mother. He has continued to mature and is a powerful, super haired calf. Thanks to the whole Drave's Family for showing her and 1004Y throughout the fall.
